WALLACE WON CASE

JURY AT GALLATIN GAVE VERDICT AGAINST WORKMAN.

MANY HERE PRESENT

Being Used as Witnesses—The Moon vs. Workman et al., Case on Trial at Gallatin Today.

The case of William Wallace vs. Tom Workman, on a change of venue from this county, was tried at Gallatin on Thursday, before Judge Arch B. Davis, and after the jury had been out a short time a verdict was brought in favor of the plaintiff.

The suit was for $860 for damages. The petition claims that Wallace had a $10,000 loan on his place, the money being from Workman, and that a few months ago Workman requested the money from Wallace. The petition states that the loan was not due. Wallace made arrangements for a new loan and secured the money and tendered it to Workman, who refused to take it. The petition recited that Wallace went to the expense of $860 in securing the new loan, and the amount of the suit was for that sum.

Many witnesses from Maryville and the county were in attendance at the trial. A few of them returned from Gallatin this Friday morning. They were W. A. Townsend, Tom Workman, Charles Lytle and Jim McGettigan. The others will return this evening. Cook, Cummins & Dawson represented Wallace and M. E. Ford was the attorney for Workman.

Another case from Nodaway county is being tried at Gallatin Friday before Judge Davis. It is Florence Moon vs. Francis Workman et al., to set aside a deed. Many people from Maryville are in attendance as witnesses in this case.

ILLITERACY APPALLS IN U. S.

Northern Cities and Southern Farms Are Abodes of Ignorance.

Washington, Feb. 7.—"The proportion of wholly illiterate adults in the United States is a national disgrace which can be very quickly eliminated," declared a unanimous report today from the house education committee on the Lever bill to investigate illiteracy. The bill, which carries no appropriation, authorizes the commission of education to co-operate with the states, individuals and associations to obliterate illiteracy.

The report of the commissioner shows the number of illiterates to be 3,184,954 whites, 10 years old or more, at the census of 1910, exceeding the population of the country in 1800. The distribution ranges from 17 per 1,000 people in Iowa, to 290 per 1,000 in Louisiana. In the south the percentage is highest in the rural districts, and in the north it is highest in the cities. Boston has 24,468 illiterates over 10 years old.

"There are 2,273,603 illiterate males of 21 years and over in the United States," the report pointed out," or enough to determine any national election at any period of United States history."

France, by quick, concerted action, reduced its number of adult illiterates from 45 in 100 to 5 in 100, the report adds.

Missouri Healthy.

Missouri is shown by statistics of the census bureau issued yesterday to have been one of the healthiest states in the Union. The lowest death rate was 10.7 per thousand in Minnesota and 12.4 in Missouri. All others exceeded Missouri.

When the death rate of Kansas City, 16.3, and St. Louis, 16.2, are deducted it is seen that outside these large cities health in the rural districts and smaller towns is the most salubrious in the United States. Country life in Missouri is given as far healthier than some of the famous health resorts to which our people go. Los Angeles, California, for instance, has a rate of 14.9, Oakland, Cal., 12.3, and San Francisco 16.7.

Visiting Husband's Parents.

Mrs. R. G. Cornelius went to Ottawa, Kan., Friday morning for a three weeks' visit with her husband's parents, Mr. and Mrs. R. T. Cornelius. Mr. Cornelius will meet her in Kansas City and accompany her for a week-end visit at his parents' home.

Edward Farr of near Ravenwood brought his daughter, Miss Iva Farr, to St. Francis hospital Wednesday. She was operated on for appendicitis and is doing nicely.

FOR LANDON FOR MAYOR.

St. Joseph Paper Suggests the Professor for Chief Executive for Maryville.

The following is from today's St. Joseph Gazette:

We do not share the uncertainty of our friends at merry Maryville as to who will be the next mayor of that bouncing burg. We know that along about this time every other year the patriotic and perfectly unpolitical people of the charming Nodaway county capital begin to ask one another who will be run for mayor in the spring, and that everybody invariably replies, "Search me." But we aren't joining in the guessing, nor the confessing of ignorance as to whom the populace will eventually prefer. We know. It will be, of course, our beloved friend and fellow musician in the largest sense of the term, Prof. Perry Oliver Landon, known as "Percy" for short. How do we know he is to be the next mayor of merry Maryville? Why, just because he is. Did they ever have a real, gnawing need in the most important inland city on the winding and sometimes invisible 102 river which they didn't call upon Prof. to fill at great personal sacrifice to himself and grand gain to the Vox Populi? Nary a one. And it will be so this time, we feel in our bones. They'll talk a lot of other fellows as successor to Mayor Robey, but when the dire necessity of getting the right man for the job—one who can scratch his head in perplexity without disturbing the parting of his hair—the unanimous decision will be, as usual, "Well, let's make Prof. do it." And Prof. can't help himself, of course. He never could. Didn't he take their music conservatory and make it more than a howling success? And when the Methodist's pipe organ laid down on them, wasn't he the man that had to tickle it back into a good humor? After the Chautauqua lost money for everybody who lived within coughing-up distance of it didn't they wish it off on poor Prof., and see it made into a profit maker right away? And don't the Presbyterians get him to play for their concerts, and the Baptists to think up funny socials for their men's club, and the Christians to plan their recitals, and the women's clubs to bring on big musicians that anybody else would lose money on? Yes, we know who'll be the next mayor of merry Maryville—it'll be His Excellency, Prof.

WALTER ATHEARN WILL SPEAK.

Pickering Church Will Have Rare Privilege Sunday of Hearing Big Man From Des Moines.

Rev. E. W. Killion, pastor of the Christian church at Pickering, announces that Prof. Walter S. Athearn of Drake university at Des Moines, Ia., will speak the coming Sunday in the Christian church there.

Professor Athearn will occupy the pulpit three times that day, at 11 a. m., 3 p. m. and 7:30 p. m. He will speak on some phase of the Sunday school work.

Mr. Athearn is one of the noted men of the country in his place, and Pickering people are fortunate.

A Substantial Growth.

Here is what the Linneus Bulletin has to say about Rev. W. E. Royston, formerly pastor of the M. E. church at Barnard:

The M. E. churches at Linneus and Strawberry under the faithful pastorate of Rev. W. E. Royston are enjoying a very substantial growth and a general progressive spirit is manifested in both spiritual and temporal affairs. The two recent revival efforts resulted in 32 conversions and 40 accessions to the church. Two Epworth Leagues have been organized with a membership of forty at Strawberry and fifty at Linneus. The Junior League at Linneus, with a membership of over sixty, is unquestionably the best in this conference district. A modern lighting plant has been installed at Strawberry, and plans are being formulated to have work begin on an up-to-date basement under the church at Linneus. In fact, every department of both churches is on the upgrade.

The people have appreciated Rev. Royston's energetic efforts and success and have raised his salary to $1,000, and on his birthday last Wednesday gave him a little surprise donation amounting to perhaps $40, including a handsome leather upholstered rocker. The pastor has purchased an automobile and is in shape to do much outside work.

Miss Mamie Henderson went to St. Joseph Friday evening to visit her sister, Miss Della Henderson.

James C. Pistole and A. E. Browne of Hopkins were in the city Friday on business in probate court.

FOR A GYMNASIUM

METHODIST BROTHERHOOD INTENDS TO BUILD ONE.

WILL RAISE MONEY SOON

Election of Officers Also Had at the Banquet of the Brotherhood on Thursday Evening.

At a meeting of the Methodist Brotherhood held Thursday evening, it was decided to go ahead with their plan of building a gymnasium similar to a Y. M. C. A. gymnasium. It is now just a matter of real business-like support, and if enough can be raised a building will be built for such purposes that will be ready by September 1. The brotherhood committee tried to see if all churches would go together for the purpose of building a union gymnasium, but such a union is impossible at this time, and so the Methodist brethren are intending to go ahead with one for the members of the brotherhood and also for the young ladies.

The committee will set out to work at once to secure new members and also to raise money for such a building.

The election of officers for the brotherhood took place Thursday evening and resulted as follows: L. L. Maier, president; John W. Airy, vice president; Chester Bennett, secretary; Rolla Alexander, treasurer; Rev. Gilbert S. Cox, chaplain; Orville Bennett, watchman. The standing committees will be appointed soon by the officers. There were 52 present at the banquet Thursday night, which was served by the Ladies' Aid society. Three new members were initiated.

Roelofson Spoke at Trenton.

J. F. Roelofson, of this city, president of the Missouri Draft Horse Breeders' association, addressed the farmers' institute at Trenton on Wednesday. The Trenton Republican, in speaking of Mr. Roelofson, says: "Mr. Roelofson is a horseman of wide knowledge and his address proved of much interest to the farmers and others in attendance."

A Patient From Illinois.

Edward H. Martin and daughter, Mildred, of Colchester, Ill., came to Maryville Wednesday evening and will be here several days the guests of Mr. Martin's brother, Dr. F. M. Martin, and family.

On Thursday Miss Mildred was operated on for appendicitis by Dr. Vilas Martin at St. Francis hospital, having made the trip here for that purpose.

A marriage license was issued late Thursday afternoon to Reuben S. Lockhart of Ravenwood and Lena M. Bosley of Maryville.

Mrs. W. T. Cabbage went to St. Joseph Friday morning to visit her daughter, Mrs. W. H. Kloucheck.

THE NORMAL LOSES

TO WILLIAM JEWELL AT LIBERTY BY 36 TO 17.

AT CAMERON TO-NIGHT

Where They Will Play the Missouri Wesleyan College—Boys Will Return Tomorrow Noon.

The Maryville Normal basket ball team was defeated Thursday night at Liberty, Mo., by the William Jewell college team by a score of 36 to 17. At the end of the first half the score was 16 to 6 for William Jewell. It was a good game, and was a fair and clean one. The Maryville boys received splendid treatment from the Liberty boys.

Before the game started the members of the Maryville team received a telegram from the Philomathean Literary society of the Normal school, which greatly cheered them up.

Good team work was had, and Carbough and Martin were the stars for William Jewell. Liberty had the boys at their mercy throughout the game, and played three substitutes in the first half. In the second half Martin and Carbough played and took the places of two of the substitutes.

William Jewell defeated the Tarkio college team a week ago by a score of 39 to 9. Maryville is to play Tarkio next week.

The Normal team is in Cameron today and will play Missouri Wesleyan college team this evening. The boys will return home Saturday noon.

May Raise Carriers' Salaries.

Rural mail carriers will get an increase in salary after July 1 if a bill framed by Chairman Moon and his associates is approved by the senate. Section 4 of the bill, relating to the raise in rural carriers compensations, follows:

That from and after the first day of July, 1914, the compensation for rural carriers for carrying the mail six days each week on standard routes of twenty-four miles in length shall be the sum of $1,150 per annum, to be paid monthly; and on routes exceeding twenty-four miles in length, the sum of $22.50 per mile per annum for each mile in excess of twenty-four miles.

The bill carries the scale for the compensation from six miles up to the standard route.

Returned to Springfield.

Mrs. Joseph Combs and little daughter, Louise, returned to Springfield Friday, after a three weeks' visit in Maryville with friends.

Mrs. Jesse Bohart of Mound City visited in Maryville Wednesday and Thursday with her sister, Mrs. Earl Claycomb.

The Henry Cook closing out sale will be held Saturday at his farm, one-quarter of a mile south of Maryville.

My Good Luck Valentine

By REGINALD WRIGHT KAUFFMAN

Copyright, 1914, by American Press Association.

ALONG what weary miles you went,
Grim Horseshoe, thus to come to rest
At last, grown old, outworn, forespent,
As my dear Lady's rugged guest!
And yet, because you are so old
And I have found you in the dust,
Under your grime, they say, lurks gold,
And luck lies hidden in your rust.

Then tell her that I, too, have been
A stained and tattered wanderer
Through gorges deep and deserts lean
Before I could ascend to her;
And give her, Horseshoe, what is yours
To give—I need nor luck nor gold
If in her heart for me endures
The love that never can be old.

THE CHILD'S HEALTH.

In Home and School—What the Medical Journal Says.

Two problems concerning the health and physical and mental development of a child confront thoughtful parents today, consideration of the child outside of school and attention to its environment within the school.

Whether in country or in city, the home influence on its health is most important. A constant and controllable factor is its food. Herein lies the home responsibility of the mother. She must learn that the food of the growing child is next only in importance to its feeding as an infant; and that the greatest good comes to it from plain, nutritious, well cooked and easily digested food; that it needs certain foods for body structure and other foods to supply heat and energy. A child should frolic and romp and play because there is a natural relation between such muscular activity and the proper performance of such food material in carrying on their functions The mother must also realize that rest is as important for the child as play, and that sufficient quiet, restful sleep does its equal part in storing energy and bringing about perfect development. Children need sunshine and fresh air, and at night should sleep in a well ventilated room with the windows well down from the top. They should be bathed regularly and properly clothed. But no matter how well fed and clothed, how clean and well nourished previous to its admission to school, the parents' interest must follow the child to the school room and see that such environment does not undermine its health. Herein lies the responsibility of the father, as a citizen and taxpayer. It is his money that maintains the school and it is his duty to see that his child is not forced into an over-crowded, poorly ventilated into an over-heated class room, compelled to breathe for five hours a day the expirations from forty or fifty pairs of lungs, and its condition so weakened as to render it vulnerable to the attacks of infectious disease. Any one, on reflection, will be impressed with the futility of expecting a maximum progression, physical and mental, where children are housed in over-crowded class rooms with little or no moisture in the air, compelled to breathe dry, vitiated air and to attempt mental tasks with suffocated brain cells deprived of nature's generous supply of oxygen. This is the condition in a large number of school rooms throughout the land today.

Thanks to the Sheridan editor, we now know why men do not go to church. There are seven reasons, to-wit: The Sunday newspaper, the automobile, tiresome sermons, the collection baskets, failure to reach the barber shop on time Saturday night, misplaced collar buttons and the lure of the Sunday nap. Almost anyone should be able to select an excuse from this list.—Parnell Sentinel.

NERVOUS WOMEN

Made Strong by Vinol.

A case has just come to our attention from St. Augustine, Fla. Mrs. W. B. Mamocy had suffered for two years from nervous prostration and indigestion. She had no appetite and was miserable. After trying different medicines and doctors without benefit she saw Vinol advertised and tried it. Her appetite returned, nervousness disappeared and she was soon strong and well as ever.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

It is the medicinal elements of the cods' livers contained in Vinol, aided by the blood making and strengthening properties of tonic iron which makes it so successful, and we will return your money if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

J. E. McGinness, southwest of town, will have a sale some time this month. Mr. McGinness has some good stuff in this sale, including 13 head of good horses, 9 head of cattle and 35 head of hogs. Watch The Democrat-Forum for his ad.

??? Do You Know a Bargain When You See It ? ? ? ? ?

There Are Two Kinds of Bargains

Some are bargains when you look at them on store counters piled up in descriptive disarray and planked with "catchy" price cards.

They ARE Catchy, So is Fly Paper,

Then there are bargains that are bargains after you take them home and examine them in clear light and quietness. They continue to be bargains after you use them day in and day out. They stand the service test; and you think kindly of the store that made this sort of bargain possible to you. This is the only kind of bargain we care to offer.

We are not long on special sales. Every day is bargain day with us. For instance: We sell the ONYX triple coated enameled ware. Guaranteed to please you or your money back.

A Good Way To Test It

Take a piece of it home with you, place it on the stove dry, heat it red hot, then put cold water in it and if the enamel chips off bring it back and we will give you another piece or your money back. Then test some of your bargain junk in the same way. Then if you are not satisfied, take a piece of ONYX ware and a similar piece of any other make, strike them against each other until the enamel is broken. Then look at them and see which piece is broken.

We are selling the ONYX ware cheaper than many of the inferior brands are being sold.

The same fact can be applied to the following lines, which we carry in stock:

American Fence, Steel Post and Gates
DeLaval Cream Separators
Majestic Ranges
Detroit Vapor Gasoline and Oil Stoves
Twentieth Century and
Home Comfort Furnaces
Cyphers Incubators & Brooders
Rullman Washing Machines

These are the Real Goods That so Many are Trying to Imitate Today

If you do not know their superior qualities over other lines of goods, COME LET US SHOW YOU.

HE ARRESTED A HEN.

Was "Beating" Its Way on a North Bound Wabash Train.

Probably one of the most peculiar arrests, on or off the records was made Saturday afternoon by Sheriff Holvey when he "pulled" a Plymouth Rock hen that was beating its way north on Wabash train No. 3. The hen was given to an employe of the railroad.

"Consider yourself under arrest."

The crowd of passengers looked around and saw a good looking young fellow pulling a hen off the trucks of one of the passenger cars. What was the meaning of this? Was the man crazy? The crowd stared a little longer until the spell was finally broken when a traveling man caught the joke and let out a roaring laugh.

"It's the sheriff making another arrest," he explained, and the laughter grew louder.

The conductor said the hen was his property, as it had paid no fare, to which the officer objected, holding that as an officer of the law he had a right to take the "bum" in charge, which he did. He later gave it to an employe of the road.

The hen probably rode from Moberly, where the car on which she was found was placed on the train. A railroad man advanced the supposition that she might have been on the trucks of the car when the train was made up and was afraid to get off after the train had been put in motion.—Macon Herald.

PLAYERS JOIN WAR ON FEDS

Fraternity Supports Action to Lay Off Contract Jumpers.

New York, Feb. 13.—Organized baseball declared war on the Federal league.

Led by the national commission and supported by the Baseball Players' fraternity, the controlling officials of the organized branch of the game decided to employ, as its most effective weapon against the so called outlaw organization, a provision in the national agreement aimed against contract jumpers, and reserve clause violators.

This provision stipulates as a penalty for a player who violates his contract, five years' suspension from organized baseball, and for a player who breaks the reserve clause, three years on the suspended list.

WESTERN WILL STAY INTACT

Reports Wichita and Topeka Franchises to Be Transferred Denied.

Chicago, Feb. 13.—The western league will remain intact this season and a schedule of 168 games will be played. These were the two important decisions at the league meeting.

Reports that the Wichita and Topeka franchises might be transferred to Kansas City and Minneapolis were met with strong denials by representatives of these clubs. It was decided to advance the opening of the season from April 26 to April 17.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Advertisement.

CUTS THE PRICE OF GASOLINE

Standard Oil Company May Face Suit by Independents.

St. Louis, Feb. 13.—The price of gasoline in St. Louis was cut from 14 to 13½ cents a gallon by the Standard Oil company of Indiana. This was the fourth cut made by the company since Nov. 14. Henry Clay Grenner, manager of an independent company, said the independents were forced to meet the cuts and were losing money every day, consequently they were considering the filing of a suit under the anti-discriminating law of Missouri to stop the price cutting war.

Witnesses Testify for Former Banker.

Chicago, Feb. 13.—Character witnesses on behalf of W. L. Moyer, former vice president of what is now the La Salle Street Trust and Savings bank, who is fighting extradition to Kansas City to face a federal indictment, were heard before United States Commissioner Mason here. Moyer was indicted in Kansas City two years ago on a charge of misrepresenting the value of the stock of the American Union Trust company of Kansas City. Moyer said that he had sent a few letters offering the stock for sale, but denied that he misrepresented its value.

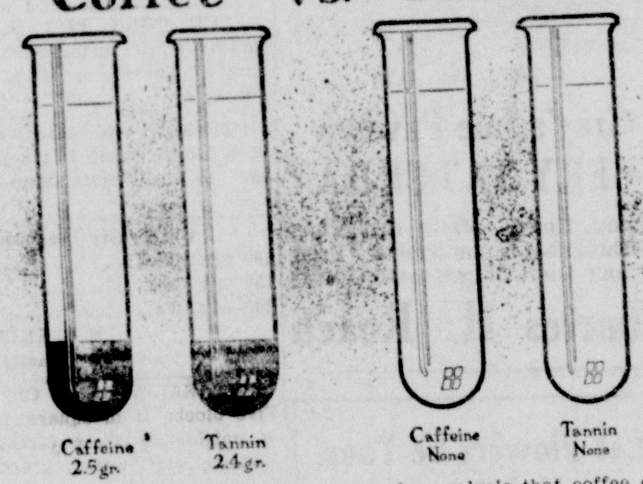
Romance of Orange Wrapper.

Kansas City, Feb. 13.—A sequel to a romance of an orange wrapper was the marriage here of Miss Mona Moran of Visalie, Cal., and C. Allen Pedent of Taylorville, Ill. Two years ago Miss Moran wrote her name on an orange wrapper. Three months later the wrapper fell into the hand of Mr. Pedent. Correspondence brought about an engagement to marry. It also disclosed that in Kansas City a woman, who was a cousin of both, resided and to her home they came for the wedding.

Makes Plea for Suffragists.

St. Louis, Feb. 13.—"Give us liberty in Missouri or railroad fare to Illinois or Kansas." With this plea for her sex, Mrs. Jessie Hardy Stubbs of Washington, D. C., press chairman of the Congressional Union for Woman Suffrage, closed her address before the Republican state committee.

Coffee vs. Postum



Any analytical chemist can prove by analysis that coffee contains two harmful drugs—

Caffeine—an alkaloid that irritates the heart, liver and kidneys, and upsets the nerves.

Tannin—a drug which produces an astringent action upon the tissues of the stomach and bowels.

But the greatest test of all is made in thousands of homes where it is daily proven by personal experience that headaches, biliousness, indigestion, heart irritation and nervousness are very often caused by coffee drinking.

An ordinary cup of coffee contains about 2½ grains of caffeine, and 2 2-5 grains of tannin.

Some coffee concerns have tried in various ways—without much success—to rid coffee of its caffeine, because they know its harmful effects. Now they are agitated because people are objecting to the presence of tannin in coffee—the same element (but obtainable from bark) that is used to tan leather.

The simple, easy way out of coffee troubles is to quit this harmful beverage and use the pure food-drink

POSTUM

It is absolutely free from these drugs or any harmful substance. Made only from prime wheat (roasted) and a small percent of molasses, Postum contains the rich, nutritious values of the grain—is a genuine food-drink.

Postum comes in two forms:

Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder. A teaspoonful stirred in a cup of hot water, with cream and sugar, makes a delightful beverage **instantly.** 30c and 50c tins.

The cost per cup of both kinds is about the same.

MORE HELP FOR FARMERS

Missouri Will Share Liberally in Extension Bill.

Columbia, Mo.—Only six states in the Union will get as large a share as Missouri in the funds provided by the agricultural extension bill, just passed by the senate with amendments providing for a more liberal apportionment of funds than was at first contemplated in the house bill. New York, Ohio, Texas, Pennsylvania, Georgia and Illinois are the only states that outrank Missouri in rural population. The bill provides for an apportionment of funds according to rural population.

Farm extension work in Missouri is already assuming large proportions. Farm adviser work now receives $25,000; orchard demonstration, $2,500; branch short course in agriculture, $10,000; and in addition, part of the $25,000 for university extension work generally, goes to agricultural extension work.

Under the terms of the new bill Missouri gets $10,000 a year unconditionally for the farm extension development. It will receive $70,000 in addition if the state legislature will appropriate a like amount; and, by gradual increase, $184,000 a year at the tenth year, provided a like amount is given by the state. This means $368,000 yearly for agricultural extension work in Missouri by the end of the decade. This estimate is made by Dean F. B. Mumford of the college of agriculture.

FORCIBLY EJECTS FEDERAL AGENTS

Railway Official Threatens to "Lick" Them.

MAPOTHER WON'T GIVE DATA.

nterstate Commerce Commission Representatives Thrown Out of Railway Office by Vice President of Louisville and Nashville Road—Senate to Act.

Washington, Feb. 13.—After being informed that Wible T. Mapother, first vice president of the Louisville aand Nashville railroad, had openly defied the interstate commerce commission's agents in an investigation of the road's affairs, ordered by the senate, plans were made by senate leaders for an early adoption of a resolution introduced by Senator Lea (Tenn.), providing for the appointment of a special senate committee to co-operative in the inquiry.

Refusal of the railway's officials recently to submit certain records to the commission caused the commission to appeal for a senate committee in order that jurisdiction might be established whereby contempt proceedings could be instituted if there were further attempts to defy the authority of the government.

In support of this appeal, E. E. Clark, chairman of the commission, made public a report by Commissioner Meyer on the conduct of Vice President Mapother, charging that the railroad official forcibly ejected the commission examiners from the office of the road in Louisville, Ky., who were seeking to guard records which Mr. Mapother had threatened to revise or destroy. Mapother, it is declared, in defying the government agents, denounced them as spies and threatened to "lick" them and declared, "we refused files to you people before and are not in jail yet."

Files which were denied the commission related to passes and contributions for maintaining political agents, or for political campaigns.

The attitude of the Louisville and Nashville officials was denounced as "railroad arrogance and attempted defiance of constituted authority" by Senator John Sharp Williams, chairman of the committee on contingent expenses, which will report the Lea resolution to the senate. Action on the resolution for the appointment of a special committee may be taken today.

MOOSERS IN FIELD IN KANSAS

Full State Ticket Will Be Entered, Headed by Allen.

Topeka, Feb. 13.—A full state ticket will be placed in the field by the Progressives of Kansas, with Henry J. Allen of Wichita as candidate for governor.

This was decided at a state conference of the party. Mr. Allen announced his candidacy and party leaders said he would not be opposed for the nomination.

Addresses were made by Albert J. Beveridge, former senator from Indiana; Raymond Robins, chairman of the Progressive party in Illinois, and Congressman Victor Murdock, the Progressive candidate for the United States senate.

The platform adopted reaffirms the Progressive national platform of 1912 and declares in favor of national prohibition, national suffrage, revision of the tariff "in favor of the farmer and stock raiser," the appointment of a tariff commission, the initiative and referendum, recall of the judiciary and its decisions, minimum wage laws and widow's pensions.

CANNON CRITICISES WILSON

Former Speaker Worried Over Breaking of Precedents.

Peoria, Feb. 13.—Former Speaker Joseph G. Cannon, in an address at a Lincoln anniversary dinner here last night, roundly criticised President Wilson's breaking of precedents—his addresses in person to congress and his abandonment of the New Year's day White House reception. The progress of the Democratic administration in general also came in for adverse criticism. The former Republican speaker of the house of representatives coupled his eulogy of Lincoln and the Republican party with dire predictions for the country's welfare under Democratic rule and urged Republicans to "quit kicking at each other, shoulder up their responsibilities and turn to the rock of salvation."

Pardon of Shercliffe Urged.

Denver, Feb. 13.—E. E. Thomas of Omaha appeared before the state board of pardons and recommended the pardon of Frank Shercliffe, sentenced to a term of twenty-five years in the Colorado penitentiary for murder. Shercliffe was sentenced for killing a Cripple Creek miner twenty years ago. E. E. Thomas says that the crime of murder was fastened on Shercliffe when he was innocent.

Suggest T. R. for Governor.

New York, Feb. 13.—A complete Progressive ticket will be placed in the field at the next New York state elections next fall. The state committee of the national Progressive party decided upon this unanimously. Theodore Roosevelt was suggested in speeches as the Progressive candidate for governor.

WALLACE WON CASE

JURY AT GALLATIN GAVE VERDICT AGAINST WORKMAN.

MANY HERE PRESENT

Being Used as Witnesses—The Moon vs. Workman et al., Case on Trial at Gallatin Today.

The case of William Wallace vs. Tom Workman, on a change of venue from this county, was tried at Gallatin on Thursday, before Judge Arch B. Davis, and after the jury had been out a short time a verdict was brought in favor of the plaintiff.

The suit was for $860 for damages. The petition claims that Wallace had a $10,000 loan on his place, the money being from Workman, and that a few months ago Workman requested the money from Wallace. The petition states that the loan was not due. Wallace made arrangements for a new loan and secured the money and tendered it to Workman, who refused to take it. The petition recited that Wallace went to the expense of $860 in securing the new loan, and the amount of the suit was for that sum.

Many witnesses from Maryville and the county were in attendance at the trial. A few of them returned from Gallatin this Friday morning. They were W. A. Townsend, Tom Workman, Charles Lytle and Jim McGettigan. The others will return this evening. Cook, Cummins & Dawson represented Wallace and M. E. Ford was the attorney for Workman.

Another case from Nodaway county is being tried at Gallatin Friday before Judge Davis. It is Florence Moon vs. Francis Workman et al., to set aside a deed. Many people from Maryville are in attendance as witnesses in this case.

ILLITERACY APPALLS IN U. S.

Northern Cities and Southern Farms Are Abodes of Ignorance.

Washington, Feb. 7.—"The proportion of wholly illiterate adults in the United States is a national disgrace which can be very quickly eliminated," declared a unanimous report today from the house education committee on the Lever bill to investigate illiteracy. The bill, which carries no appropriation, authorizes the commission of education to co-operate with the states, individuals and associations to obliterate illiteracy.

The report of the commissioner shows the number of illiterates to be 3,184,954 whites, 10 years old or more, at the census of 1910, exceeding the population of the country in 1800. The distribution ranges from 17 per 1,000 people in Iowa, to 290 per 1,000 in Louisiana. In the south the percentage is highest in the rural districts, and in the north it is highest in the cities. Boston has 24,468 illiterates over 10 years old.

"There are 2,273,603 illiterate males of 21 years and over in the United States," the report pointed out," or enough to determine any national election at any period of United States history."

France, by quick, concerted action, reduced its number of adult illiterates from 45 in 100 to 5 in 100, the report adds.

Missouri Healthy.

Missouri is shown by statistics of the census bureau issued yesterday to have been one of the healthiest states in the Union. The lowest death rate was 10.7 per thousand in Minnesota and 12.4 in Missouri. All others exceeded Missouri.

When the death rate of Kansas City, 16.3, and St. Louis, 16.2, are deducted it is seen that outside these large cities health in the rural districts and smaller towns is the most salubrious in the United States. Country life in Missouri is given as far healthier than some of the famous health resorts to which our people go. Los Angeles, California, for instance, has a rate of 14.9, Oakland, Cal., 12.3, and San Francisco 16.7.

Visiting Husband's Parents.

Mrs. R. G. Cornelius went to Ottawa, Kan., Friday morning for a three weeks' visit with her husband's parents, Mr. and Mrs. R. T. Cornelius. Mr. Cornelius will meet her in Kansas City and accompany her for a week-end visit at his parents' home.

Edward Farr of near Ravenwood brought his daughter, Miss Iva Farr, to St. Francis hospital Wednesday. She was operated on for appendicitis and is doing nicely.

FOR LANDON FOR MAYOR.

St. Joseph Paper Suggests the Professor for Chief Executive for Maryville.

The following is from today's St. Joseph Gazette:

We do not share the uncertainty of our friends at merry Maryville as to who will be the next mayor of that bouncing burg. We know that along about this time every other year the patriotic and perfectly unpolitical people of the charming Nodaway county capital begin to ask one another who will be run for mayor in the spring, and that everybody invariably replies, "Search me." But we aren't joining in the guessing, nor the confessing of ignorance as to whom the populace will eventually prefer. We know. It will be, of course, our beloved friend and fellow musician in the largest sense of the term, Prof. Perry Oliver Landon, known as "Percy" for short. How do we know he is to be the next mayor of merry Maryville? Why, just because he is. Did they ever have a real, gnawing need in the most important inland city on the winding and sometimes invisible 102 river which they didn't call upon Prof. to fill at great personal sacrifice to himself and grand gain to the Vox Populi? Nary a one. And it will be so this time, we feel in our bones. They'll talk a lot of other fellows as successor to Mayor Robey, but when the dire necessity of getting the right man for the job—one who can scratch his head in perplexity without disturbing the parting of his hair—the unanimous decision will be, as usual, "Well, let's make Prof. do it." And Prof. can't help himself, of course. He never could. Didn't he take their music conservatory and make it more than a howling success? And when the Methodist's pipe organ laid down on them, wasn't he the man that had to tickle it back into a good humor? After the Chautauqua lost money for everybody who lived within coughing-up distance of it didn't they wish it off on poor Prof., and see it made into a profit maker right away? And don't the Presbyterians get him to play for their concerts, and the Baptists to think up funny socials for their men's club, and the Christians to plan their recitals, and the women's clubs to bring on big musicians that anybody else would lose money on? Yes, we know who'll be the next mayor of merry Maryville—it'll be His Excellency, Prof.

WALTER ATHEARN WILL SPEAK.

Pickering Church Will Have Rare Privilege Sunday of Hearing Big Man From Des Moines.

Rev. E. W. Killion, pastor of the Christian church at Pickering, announces that Prof. Walter S. Athearn of Drake university at Des Moines, Ia., will speak the coming Sunday in the Christian church there.

Professor Athearn will occupy the pulpit three times that day, at 11 a. m., 3 p. m. and 7:30 p. m. He will speak on some phase of the Sunday school work.

Mr. Athearn is one of the noted men of the country in his place, and Pickering people are fortunate.

A Substantial Growth.

Here is what the Linneus Bulletin has to say about Rev. W. E. Royston, formerly pastor of the M. E. church at Barnard:

The M. E. churches at Linneus and Strawberry under the faithful pastorate of Rev. W. E. Royston are enjoying a very substantial growth and a general progressive spirit is manifested in both spiritual and temporal affairs. The two recent revival efforts resulted in 32 conversions and 40 accessions to the church. Two Epworth Leagues have been organized with a membership of forty at Strawberry and fifty at Linneus. The Junior League at Linneus, with a membership of over sixty, is unquestionably the best in this conference district. A modern lighting plant has been installed at Strawberry, and plans are being formulated to have work begin on an up-to-date basement under the church at Linneus. In fact, every department of both churches is on the upgrade.

The people have appreciated Rev. Royston's energetic efforts and success and have raised his salary to $1,000, and on his birthday last Wednesday gave him a little surprise donation amounting to perhaps $40, including a handsome leather upholstered rocker. The pastor has purchased an automobile and is in shape to do much outside work.

Miss Mamie Henderson went to St. Joseph Friday evening to visit her sister, Miss Della Henderson.

James C. Pistole and A. E. Browne of Hopkins were in the city Friday on business in probate court.

FOR A GYMNASIUM

METHODIST BROTHERHOOD INTENDS TO BUILD ONE.

WILL RAISE MONEY SOON

Election of Officers Also Had at the Banquet of the Brotherhood on Thursday Evening.

At a meeting of the Methodist Brotherhood held Thursday evening, it was decided to go ahead with their plan of building a gymnasium similar to a Y. M. C. A. gymnasium. It is now just a matter of real business-like support, and if enough can be raised a building will be built for such purposes that will be ready by September 1. The brotherhood committee tried to see if all churches would go together for the purpose of building a union gymnasium, but such a union is impossible at this time, and so the Methodist brethren are intending to go ahead with one for the members of the brotherhood and also for the young ladies.

The committee will set out to work at once to secure new members and also to raise money for such a building.

The election of officers for the brotherhood took place Thursday evening and resulted as follows: L. L. Maier, president; John W. Airy, vice president; Chester Bennett, secretary; Rolla Alexander, treasurer; Rev. Gilbert S. Cox, chaplain; Orville Bennett, watchman. The standing committees will be appointed soon by the officers. There were 52 present at the banquet Thursday night, which was served by the Ladies' Aid society. Three new members were initiated.

Roelofson Spoke at Trenton.

J. F. Roelofson, of this city, president of the Missouri Draft Horse Breeders' association, addressed the farmers' institute at Trenton on Wednesday. The Trenton Republican, in speaking of Mr. Roelofson, says: "Mr. Roelofson is a horseman of wide knowledge and his address proved of much interest to the farmers and others in attendance."

A Patient From Illinois.

Edward H. Martin and daughter, Mildred, of Colchester, Ill., came to Maryville Wednesday evening and will be here several days the guests of Mr. Martin's brother, Dr. F. M. Martin, and family.

On Thursday Miss Mildred was operated on for appendicitis by Dr. Vilas Martin at St. Francis hospital, having made the trip here for that purpose.

A marriage license was issued late Thursday afternoon to Reuben S. Lockhart of Ravenwood and Lena M. Bosley of Maryville.

Mrs. W. T. Cabbage went to St. Joseph Friday morning to visit her daughter, Mrs. W. H. Kloucheck.

THE NORMAL LOSES

TO WILLIAM JEWELL AT LIBERTY BY 36 TO 17.

AT CAMERON TO-NIGHT

Where They Will Play the Missouri Wesleyan College—Boys Will Return Tomorrow Noon.

The Maryville Normal basket ball team was defeated Thursday night at Liberty, Mo., by the William Jewell college team by a score of 36 to 17. At the end of the first half the score was 16 to 6 for William Jewell. It was a good game, and was a fair and clean one. The Maryville boys received splendid treatment from the Liberty boys.

Before the game started the members of the Maryville team received a telegram from the Philomathean Literary society of the Normal school, which greatly cheered them up.

Good team work was had, and Carbough and Martin were the stars for William Jewell. Liberty had the boys at their mercy throughout the game, and played three substitutes in the first half. In the second half Martin and Carbough played and took the places of two of the substitutes.

William Jewell defeated the Tarkio college team a week ago by a score of 39 to 9. Maryville is to play Tarkio next week.

The Normal team is in Cameron today and will play Missouri Wesleyan college team this evening. The boys will return home Saturday noon.

May Raise Carriers' Salaries.

Rural mail carriers will get an increase in salary after July 1 if a bill framed by Chairman Moon and his associates is approved by the senate. Section 4 of the bill, relating to the raise in rural carriers compensations, follows:

That from and after the first day of July, 1914, the compensation for rural carriers for carrying the mail six days each week on standard routes of twenty-four miles in length shall be the sum of $1,150 per annum, to be paid monthly; and on routes exceeding twenty-four miles in length, the sum of $22.50 per mile per annum for each mile in excess of twenty-four miles.

The bill carries the scale for the compensation from six miles up to the standard route.

Returned to Springfield.

Mrs. Joseph Combs and little daughter, Louise, returned to Springfield Friday, after a three weeks' visit in Maryville with friends.

Mrs. Jesse Bohart of Mound City visited in Maryville Wednesday and Thursday with her sister, Mrs. Earl Claycomb.

The Henry Cook closing out sale will be held Saturday at his farm, one-quarter of a mile south of Maryville.

My Good Luck Valentine

By REGINALD WRIGHT KAUFFMAN

Copyright, 1914, by American Press Association.

ALONG what weary miles you went,
Grim Horseshoe, thus to come to rest
At last, grown old, outworn, forespent,
As my dear Lady's rugged guest!
And yet, because you are so old
And I have found you in the dust,
Under your grime, they say, lurks gold,
And luck lies hidden in your rust.

Then tell her that I, too, have been
A stained and tattered wanderer
Through gorges deep and deserts lean
Before I could ascend to her;
And give her, Horseshoe, what is yours
To give—I need nor luck nor gold
If in her heart for me endures
The love that never can be old.

THE CHILD'S HEALTH.

In Home and School—What the Medical Journal Says.

Two problems concerning the health and physical and mental development of a child confront thoughtful parents today, consideration of the child outside of school and attention to its environment within the school.

Whether in country or in city, the home influence on its health is most important. A constant and controllable factor is its food. Herein lies the home responsibility of the mother. She must learn that the food of the growing child is next only in importance to its feeding as an infant; and that the greatest good comes to it from plain, nutritious, well cooked and easily digested food; that it needs certain foods for body structure and other foods to supply heat and energy. A child should frolic and romp and play because there is a natural relation between such muscular activity and the proper performance of such food material in carrying on their functions The mother must also realize that rest is as important for the child as play, and that sufficient quiet, restful sleep does its equal part in storing energy and bringing about perfect development. Children need sunshine and fresh air, and at night should sleep in a well ventilated room with the windows well down from the top. They should be bathed regularly and properly clothed. But no matter how well fed and clothed, how clean and well nourished previous to its admission to school, the parents' interest must follow the child to the school room and see that such environment does not undermine its health. Herein lies the responsibility of the father, as a citizen and taxpayer. It is his money that maintains the school and it is his duty to see that his child is not forced into an over-crowded, poorly ventiinto an over-heated class room, compelled to breathe for five hours a day the expirations from forty or fifty pairs of lungs, and its condition so weakened as to render it vulnerable to the attacks of infectious disease. Any one, on reflection, will be impressed with the futility of expecting a maximum progression, physical and mental, where children are housed in over-crowded class rooms with little or no moisture in the air, compelled to breathe dry, vitiated air and to attempt mental tasks with suffocated brain cells deprived of nature's generous supply of oxygen. This is the condition in a large number of school rooms throughout the land today.

Thanks to the Sheridan editor, we now know why men do not go to church. There are seven reasons, to-wit: The Sunday newspaper, the automobile, tiresome sermons, the collection baskets, failure to reach the barber shop on time Saturday night, misplaced collar buttons and the lure of the Sunday nap. Almost anyone should be able to select an excuse from this list.—Parnell Sentinel.

Learned men tell us that in Latin the word "editor" means something "to eat." In the United States its meaning is altogether different. It means to scratch around like blazes to get something to eat.—Elmo Register.

Miss Zora Atherton returned to Elmo Monday evening, after a few days' visit with her cousin, Mrs. Will Hansen.

NERVOUS WOMEN

Made Strong by Vinol.

A case has just come to our attention from St. Augustine, Fla. Mrs. W. B. Mamocy had suffered for two years from nervous prostration and indigestion. She had no appetite and was miserable. After trying different medicines and doctors without benefit she saw Vinol advertised and tried it. Her appetite returned, nervousness disappeared and she was soon strong and well as ever.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

It is the medicinal elements of the cods' livers contained in Vinol, aided by the blood making and strengthening properties of tonic iron which makes it so successful, and we will return your money if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

J. E. McGinness, southwest of town, will have a sale some time this month. Mr. McGinness has some good stuff in this sale, including 13 head of good horses, 9 head of cattle and 35 head of hogs. Watch The Democrat-Forum for his ad.

We have many difficult cases of eye troubles to deal with—optical defects—that only glasses will relieve. You may have had other glasses that did not suit you, and been thoroughly disgusted with them, but that is no reason why you shouldn't take time to get glasses that are worth while. Not any glasses, but ones that are exactly suited to your eyes. Our examinations are thorough and accurate. When will you call?

??? Do You Know a Bargain When You See It ? ? ? ? ?

There Are Two Kinds of Bargains

Some are bargains when you look at them on store counters piled up in descriptive disarray and planked with "catchy" price cards.

They ARE Catchy, So is Fly Paper,

Then there are bargains that are bargains after you take them home and examine them in clear light and quietness. They continue to be bargains after you use them day in and day out. They stand the service test; and you think kindly of the store that made this sort of bargain possible to you. This is the only kind of bargain we care to offer.

We are not long on special sales. Every day is bargain day with us. For instance; We sell the **ONYX** triple coated enameled ware. Guaranteed to please you or your money back.

A Good Way To Test It

Take a piece of it home with you, place it on the stove dry, heat it red hot, then put cold water in it and if the enamel chips off bring it back and we will give you another piece or your money back. Then test some of your bargain junk in the same way. Then if you are not satisfied, take a piece of **ONYX** ware and a similar piece of any other make, strike them against each other until the enamel is broken. Then look at them and see which piece is broken.

We are selling the ONYX ware cheaper than many of the inferior brands are being sold.

The same fact can be applied to the following lines, which we carry in stock:

American Fence, Steel Post and Gates
DeLaval Cream Separators
Majestic Ranges
Detroit Vapor Gasoline and Oil Stoves
Twentieth Century and
Home Comfort Furnaces
Cyphers Incubators & Brooders
Rullman Washing Machines

These are the Real Goods That so Many are Trying to Imitate Today

If you do not know their superior qualities over other lines of goods, COME LET US SHOW YOU.

HE ARRESTED A HEN.

Was "Beating" Its Way on a North Bound Wabash Train.

Probably one of the most peculiar arrests, on or off the records was made Saturday afternoon by Sheriff Holvey when he "pulled" a Plymouth Rock hen that was beating its way north on Wabash train No. 3. The hen was given to an employe of the railroad.

"Consider yourself under arrest."

The crowd of passengers looked around and saw a good looking young fellow pulling a hen off the trucks of one of the passenger cars. What was the meaning of this? Was the man crazy? The crowd stared a little longer until the spell was finally broken when a traveling man caught the joke and let out a roaring laugh.

"It's the sheriff making another arrest," he explained, and the laughter grew louder.

The conductor said the hen was his property, as it had paid no fare, to which the officer objected, holding that as an officer of the law he had a right to take the "bum" in charge, which he did. He later gave it to an employe of the road.

The hen probably rode from Moberly, where the car on which she was found was placed on the train. A railroad man advanced the supposition that she might have been on the trucks of the car when the train was made up and was afraid to get off after the train had been put in motion.—Macon Herald.

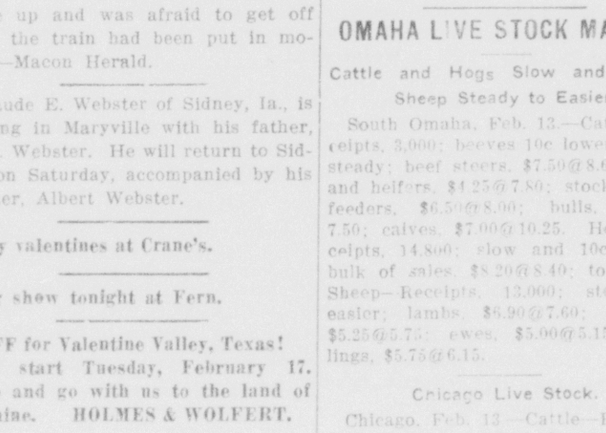
Coffee vs. Postum



Any analytical chemist can prove by analysis that coffee contains two harmful drugs—

Caffeine—an alkaloid that irritates the heart, liver and kidneys, and upsets the nerves.

Tannin—a drug which produces an astringent action upon the tissues of the stomach and bowels.

But the greatest test of all is made in thousands of homes where it is daily proven by personal experience that headaches, biliousness, indigestion, heart irritation and nervousness are very often caused by coffee drinking.

An ordinary cup of coffee contains about 2½ grains of caffeine, and 2 2-5 grains of tannin.

Some coffee concerns have tried in various ways—without much success—to rid coffee of its caffeine, because they know its harmful effects. Now they are agitated because people are objecting to the presence of tannin in coffee—the same element (but obtainable from bark) that is used to tan leather.

The simple, easy way out of coffee troubles is to quit this harmful beverage and use the pure food-drink

POSTUM

It is absolutely free from these drugs or any harmful substance. Made only from prime wheat (roasted) and a small percent of molasses, Postum contains the rich, nutritious values of the grain—is a genuine food-drink.

Postum comes in two forms:

Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder. A teaspoonful stirred in a cup of hot water, with cream and sugar, makes a delightful beverage **instantly.** 30c and 50c tins.

The cost per cup of both kinds is about the same.

PLAYERS JOIN WAR ON FEDS

Fraternity Supports Action to Lay Off Contract Jumpers.

New York, Feb. 13.—Organized baseball declared war on the Federal league.

Led by the national commission and supported by the Baseball Players' fraternity, the controlling officials of the organized branch of the game decided to employ, as its most effective weapon against the so called outlaw organization, a provision in the national agreement aimed against contract jumpers, and reserve clause violators.

This provision stipulates as a penalty for a player who violates his contract, five years' suspension from organized baseball, and for a player who breaks the reserve clause, three years on the suspended list.

WESTERN WILL STAY INTACT

Reports Wichita and Topeka Franchises to Be Transferred Denied.

Chicago, Feb. 13.—The western league will remain intact this season and a schedule of 168 games will be played. These were the two important decisions at the league meeting.

Reports that the Wichita and Topeka franchises might be transferred to Kansas City and Minneapolis were met with strong denials by representatives of these clubs. It was decided to advance the opening of the season from April 26 to April 17.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has **stomach-ache, diarrhoea**, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Advertisement.

CUTS THE PRICE OF GASOLINE

Standard Oil Company May Face Suit by Independents.

St. Louis, Feb. 13.—The price of gasoline in St. Louis was cut from 14 to 13½ cents a gallon by the Standard Oil company of Indiana. This was the fourth cut made by the company since Nov. 14. Henry Clay Grenner, manager of an independent company, said the independents were forced to meet the cuts and were losing money every day, consequently they were considering the filing of a suit under the anti-discriminating law of Missouri to stop the price cutting war.

MORE HELP FOR FARMERS

Missouri Will Share Liberally in Extension Bill.

Columbia, Mo.—Only six states in the Union will get as large a share as Missouri in the funds provided by the agricultural extension bill, just passed by the senate with amendments providing for a more liberal apportionment of funds than was at first contemplated in the house bill. New York, Ohio, Texas, Pennsylvania, Georgia and Illinois are the only states that outrank Missouri in rural population. The bill provides for an apportionment of funds according to rural population.

Farm extension work in Missouri is already assuming large proportions. Farm adviser work now receives $25,000; orchard demonstration, $2,500; branch short course in agriculture, $10,000; and in addition, part of the $25,000 for university extension work generally, goes to agricultural extension work.

Under the terms of the new bill Missouri gets $10,000 a year unconditionally for the farm extension development. It will receive $70,000 in addition if the state legislature will appropriate a like amount; and, by gradual increase, $184,000 a year at the tenth year, provided a like amount is given by the state. This means $368,000 yearly for agricultural extension work in Missouri by the end of the decade. This estimate is made by Dean F. B. Mumford of the college of agriculture.

FORCIBLY EJECTS FEDERAL AGENTS

Railway Official Threatens to "Lick" Them.

MAPOTHER WON'T GIVE DATA.

Interstate Commerce Commission Representatives Thrown Out of Railway Office by Vice President of Louisville and Nashville Road—Senate to Act.

Washington, Feb. 13.—After being informed that Wible T. Mapother, first vice president of the Louisville aand Nashville railroad, had openly defied the interstate commerce commission's agents in an investigation of the road's affairs, ordered by the senate, plans were made by senate leaders for an early adoption of a resolution introduced by Senator Lea (Tenn.), providing for the appointment of a special senate committee to co-operative in the inquiry.

Refusal of the railway's officials recently to submit certain records to the commission caused the commission to appeal for a senate committee in order that jurisdiction might be established whereby contempt proceedings could be instituted if there were further attempts to defy the authority of the government.

In support of this appeal, E. E. Clark, chairman of the commission, made public a report by Commissioner Meyer on the conduct of Vice President Mapother, charging that the railroad official forcibly ejected the commission examiners from the office of the road in Louisville, Ky., who were seeking to guard records which Mr. Mapother had threatened to revise or destroy. Mapother, it is declared, in defying the government agents, denounced them as spies and threatened to "lick" them and declared, "we refused files to you people before and are not in jail yet."

Files which were denied the commission related to passes and contributions for maintaining political agents, or for political campaigns.

The attitude of the Louisville and Nashville officials was denounced as "railroad arrogance and attempted defiance of constituted authority" by Senator John Sharp Williams, chairman of the committee on contingent expenses, which will report the Lea resolution to the senate. Action on the resolution for the appointment of a special committee may be taken today.

MOOSERS IN FIELD IN KANSAS

Full State Ticket Will Be Entered, Headed by Allen.

Topeka, Feb. 13.—A full state ticket will be placed in the field by the Progressives of Kansas, with Henry J. Allen of Wichita as candidate for governor.

This was decided at a state conference of the party. Mr. Allen announced his candidacy and party leaders said he would not be opposed for the nomination.

Addresses were made by Albert J. Beveridge, former senator from Indiana; Raymond Robins, chairman of the Progressive party in Illinois, and Congressman Victor Murdock, the Progressive candidate for the United States senate.

The platform adopted reaffirms the Progressive national platform of 1912 and declares in favor of national prohibition, national suffrage, revision of the tariff "in favor of the farmer and stock raiser," the appointment of a tariff commission, the initiative and referendum, recall of the judiciary and its decisions, minimum wage laws and widow's pensions.

CANNON CRITICISES WILSON

Former Speaker Worried Over Breaking of Precedents.

Peoria, Feb. 13.—Former Speaker Joseph G. Cannon, in an address at a Lincoln anniversary dinner here last night, roundly criticised President Wilson's breaking of precedents—his addresses in person to congress and his abandonment of the New Year's day White House reception. The progress of the Democratic administration in general also came in for adverse criticism. The former Republican speaker of the house of representatives coupled his eulogy of Lincoln and the Republican party with dire predictions for the country's welfare under Democratic rule and urged Republicans to "quit kicking at each other, shoulder up their responsibilities and turn to the rock of salvation."

Pardon of Shercliffe Urged.

Denver, Feb. 13.—E. E. Thomas of Omaha appeared before the state board of pardons and recommended the pardon of Frank Shercliffe, sentenced to a term of twenty-five years in the Colorado penitentiary for murder. Shercliffe was sentenced for killing a Cripple Creek miner twenty years ago. E. E. Thomas says that the crime of murder was fastened on Shercliffe when he was innocent.

Suggest T. R. for Governor.

New York, Feb. 13.—A complete Progressive ticket will be placed in the field at the next New York state elections next fall. The state committee of the national Progressive party decided upon this unanimously. Theodore Roosevelt was suggested in speeches as the Progressive candidate for governor.
